What is a Portfolio…?

A portfolio is a compilation of academic and professional materials that exemplify your beliefs, skills, qualifications, education, training, and experiences

Importance of a Portfolio…?

Portfolios are a great way to demonstrate the competencies and accomplishments you would list on a resume or talk about in an interview – they allow you to show, not just tell. Your portfolio helps you showcase your proven work to potential employers. It presents evidence of your relevant skills and abilities

Points to Remember

REVATURE

- Avoid grammatical and spelling mistakes in Professional Summary. Make it crisp and clear (Use the Grammarly Plugin).
- **Before** you submit your portfolio, proofread it for formatting, grammar, and spelling mistakes.
- To avoid confusion do not create multiple files, rather only keep the final version.
- Check your **revature.net** email for updates, reminders, and feedback. We also leave a note in your folder to share the feedback.
- If you have questions or doubts, kindly reach us through email or teams.
